NEWS OF THE CITY

Local Brevities.—The force of mechanics on the new custom house has been increased.

Mr. Thos. H. Phillips has accepted a situation in a St. Louis hat store.

—Go to 95 Ohio Levee and buy the Anthon oil for 30 cents per gallon. Those who have it know its value.

John Bourne, at one time secretary of the Cairo Democratic Printing Company, is filling a situation in the St. Louis Dispatch office.

—The meeting of the Fourth Ward Democratic Club, named for Saturday night, was postponed, owing to the absence of a citizen living in the house adjoining the place of meeting.

Louis Herlert is in constant receipt of fresh Baltimore oysters, which he will serve up to customers in any style desired, on short notice and in the most satisfactory manner.

—Mr. Fred G. Morgan will address the people of St. John's on the political issues of the campaign tomorrow evening, and spend the balance of the week in Jackson county.

Moses Briss & Giovanni recently made a tour of the country precincts of the interest of the Democratic ticket. They report the prospect as encouraging.

Ewell & Jacob will furnish gasoline for Gasoline lamps and stoves at low rates.

Messrs. Webb, Fisher and Pope addressed the people of Thobes one day last week. We hear that Webb mastered his oratorical and made a hit-strike for the Democracy.

The Aurora is perfectly clear, non-explosive; it will give entire satisfaction, and can be had at 25. Ohio Levee for the inconsiderable sum of 30 cents per gallon.

—The third game of base ball between the Deltas and Quicksteps will be played on the grounds of the latter, on Thursday, Oct. 26th. It is proposed to take advantage of the occasion for a pleasure excursion, dance, etc.

W. W. Thornton, No. 149 Thurman's block, Tenth street, has just received three hundred boxes of glass, varying in size from \$10 to \$60. For sale, wholesale retail.

—Joseph Higgin, testimony years connected with the police force of Cairo, and known as a very quiet and unobtrusive old man, died in his room near the corner of Eighth and Lewis, at 5 o'clock this morning, of chronic diarrhea. He has been a resident of Cairo during the past twelve or fourteen years.

Sunday games of base ball have been resorted on the different grounds of the city. The Delta club passed a resolution sometime ago prohibiting the use of their grounds for Sunday games. We hope they will enforce the resolution. That kind of sport should be stopped.

—Most of our citizens who were in attendance at the St. Louis fair have returned home. They report that the fair was an immense success—an advertising dodge for St. Louis merchants, worth many millions of dollars. It is reported that during the last two or three days of the fair as many as one hundred thousand persons were in attendance.

Bear in mind that Gen. W. R. Anderson, Democratic candidate for Congress from the State-Lodge, and Charles Feltine, Democratic candidate for the office of Superintendent of Public Instruction, will address the people of Cairo on Saturday next. Let notice be given, that all who feel disposed to listen to the truth may know the place and hour. Mr. Anderson is one of the ablest orators in the State, and deserves a good hearing.

—Leading Democrats in all parts of the district are calling for campaign documents. There is a manifest carelessness in this particular somewhere. Fifty thousand campaign documents might be used to a splendid advantage. We have not been advised of the distribution of even fifty! What fault is it?

—The average value of unimproved town and city lots in Alexander county is \$140.24. In Sangamon county, in which the capital of the State is situated, the average value is \$122.41. In the city of Quincy, a city of nearly 40,000 population the average value is \$151; and in Cook county, in which the city of Chicago is situated, the average value is only \$129.50. Here is work in this, for the State Board of Equalization.

I HAVE broken up several long standing cases of Chills and Fever with Simmons' Liver Regulator. I also find it a great remedy for Dyspepsia and Liver Disease. J. W. ANSLEY.

CAN YOU BELIEVE IT?—The Excelsior Manufacturing Company employs so large a force of workers, that a Charter Oak Stove is made every six minutes. And even with this quickness, the supply is hardly equal to the demand.

Died, in this city at 5 o'clock this morning, of chronic diarrhea. Joseph Higgin, aged 61.

HOW IT WAS DONE.—The Paducah Herald referring to the recent game of base ball in this city, says that he is only doing the Quicksteps Justice when he says that it was the umpire, and not the superor playing of the Deltas that encompassed their defeat. When we remark that the umpire came down from Mound City in company with the Quicksteps, and was suggested by them as a proper person to act in that capacity we do the Herald justice when we say that the Deltas beat the Quicksteps by a score of 40 to 18. The Herald assertion becomes absurd. The President of the Quicksteps will not charge their defeat to any such cause. They were beaten because the Deltas had their full first nine on the ground, and not six of the nine, as was the case at Paducah.

We witnessed the whole game, and while in two instances we should not have decided as the umpire did, we shall not pretend to say that his decision was not correct. One of these decisions ruled a Delta out, the other a Quickstep.

When the Deltas returned from Paducah with a score of only six runs against them, they acknowledged themselves beaten by superior playing. They changed no unfairness to the umpire, although a Paducah man. On the contrary, one and all of them declared him a gentleman, incapable of partiality. As the Quicksteps returned home with a score of twenty-two runs against them, under the decisions of an umpire of their own choosing, we can scarcely think that any of them authorized the statement in the Herald that they were beaten by the umpire and not by the Deltas. How is it Augustus?

BLOODY FIGHT AT COLUMBUS.—Five men killed and wounded.—A riot of most bloody and desperate character took place in the neighboring town of Columbus, on Saturday evening, between five residents of the neighborhood, named Smith Gibson, Mr. Conrad, Mr. Austin and Mr. Brockman. Clubs, knives and pistols were used, and for a few moments it was thought none of the combatants would escape with their lives. Smith Gibson was stabbed twice and died almost immediately. George Gibson was stabbed and otherwise injured so seriously that his recovery is not thought possible. Conrad was shot and may die. Austin's skull was crushed in with a club, and Brockman was badly cut and beaten.

The fight was one of the bloodiest that ever took place in that portion of Kentucky, and the parties to it being men of fair standing, the excitement the affair occasioned was intense. Two of the survivors are said to be mortally wounded and the others dangerously.

We shall, probably, receive further details by telegraph.
